DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of a Draft Document Entitled, "Forming Management Bodies to Implement Legal Spring and Summer Migratory Bird Subsistence Hunting in Alaska"

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: The U.S. Fish and Wildlife Service is requesting comments on a plan to establish management bodies for the development of a migratory bird subsistence program in Alaska. This action is the result of the 1997 amendments to the migratory bird treaties with Canada and Mexico ratified by the US Senate on October 23, 1997. The amendment to the treaty with Canada requires that indigenous inhabitants of the State of Alaska will have a meaningful role in migratory bird conservation by participating on relevant management bodies. A Notice of Intent to write an options document leading to the establishment of management bodies was published on page 49707 of the **Federal Register** dated Thursday, September 17, 1998. The document, which is now available for review, describes four models for organizing management bodies. You are encouraged to comment on each of the models or present an alternative model.
